Back to School Dressage Test	Hot August Trail Class	Single Stake	Poles I	Turn N Burn	Streaking Poles
---------------------------------	---------------------------	--------------	---------	-------------	-----------------

Back to School Dressage Test: Is based on overall correctness of position, relaxation and suppleness of the rider, lightness, and correct application of the aids. All movements should be obtained without apparent effort of the rider. The rider should be well balanced with loins and hips supple, thighs and legs steady and well stretched downward. The upper part of the body should be easy, free, and erect with the hands low and close together without touching each other or the horse. The elbows and arms are close to the body allowing the rider to follow the movements of the horse smoothly and freely and to apply aids imperceptibly.

Hot August Trail Class: Horses and riders individually navigate a series of trail obstacles including backing through poles, picking up and carrying an object, navigating through cones, riding without stirrups, riding over a low jump, the emergency dismount, and leading over a low jump. Gaits judged include the trot and canter. Entrants are judged on the manners and performance of the horse.

Left or right hand pattern may be used.
Props: 1 large barrel.
